

MOTOR POOL MESSENGER - July, 1993

The next meeting will be at September's on August 9, 1993. (I am slightly puzzled as to how we can be at Septembers in August; which implies that we may be at August's in September, but I'll not pursue this line of thought further; you figure it out). Anyway come to the meeting and hear about our Rally (and its financial aspects).

The Parade Chairman wishes all to know that our crew was treated like royalty by the Budd Lake parade committee.
